Projects

- April 2016

Bouncing and rolling Ball | Computer Graphics in OpenGL

Coded in C using OpenGL API's.

The Physics Concept of smooth rolling ($\mathbf{v} = \mathbf{r} * \boldsymbol{\omega}$) and **projectile motion** is implemented.

The Ball bounces or rolls on the floor based on the menu on right click of mouse or the keyboard keys.

- January 2016

Mess Management System | Java and Oracle SQL

This project helps the user to use database with the help of GUI.

Graphical UI has been made by importing Java Swing class.

The database is made and managed in Oracle SQL

- September – October 2015
